TMA4195 Mathematical modelling 2004

Exercise set 5

Advice and suggestions: 2004–09–21

Only two (fairly routine) problems this week, since you *also* have a bigger exercise that *counts*.

Exercise 1: Logan page 377 (in the compendium), problem 2.1d.

Exercise 2: Logan page 377, problem 2.2b.
